

HackBloomfield

May 20-21 • BHHS • Bloomfield Hills, MI
hello@hackbloomfield.com • hackbloomfield.com

HackBloomfield is Bloomfield Hills High School's first ever hackathon, and the first MLH high school hackathon in Michigan. With 100-150 attendees expected, HackBloomfield will be a gathering of some of Metro Detroit and Windsor's most up and coming programmers, developers, and designers. Home to the Bionic Black Hawks, Michigan's largest FIRST Robotics team, the newly constructed Bloomfield Hills High School is a hub for STEAM talent, and HackBloomfield will be a showcase for this.

Why Are We Hosting HackBloomfield?

We are a group of students with a passion for code and hackathons. Recognizing the large population of students at BHHS with a similar interest but no idea where to start learning, we decided that hosting a hackathon would be an amazing opportunity to encourage the students of BHHS to explore their interests and for those more experienced in coding to network with potential employers and to expand their ability, and for all attendees to build something awesome.

Why Sponsor HackBloomfield?

- Meet some of Metro Detroit and Windsor's brightest aspiring makers
- Gain access to resumes and GitHub usernames
- Sponsor a branded prize and encourage attendees to make creative use of your API
- Showcase your API to attendees and host workshops about using your API

Presenting Partner

The presenting partner at HackBloomfield is more than just a sponsor. The presenting partner works with the HackBloomfield team to ensure an amazing hackathon. Benefits of being the presenting partner include having a sponsor lounge for your company, having your logo on *all* material distributed by HackBloomfield, and more. If you're interested in being our presenting partner, please let us know.

The new BHHS is a perfect venue to host a hackathon
